Macadamia White Chocolate Kisses

Source: TBD

130g flour (type 405)

30g powdered sugar
1 vanilla bean
120g cold butter
50g unsalted macadamia nuts, chopped
100g white chocolate (or dark chocolate)

3. Form balls (12g each) from the dough, flatten them slightly and place them on the prepared sheet (careful, they spread out quite a bit). Press a small indentation into each cookie with the blunt end of a wooden spoon and then bake for 12 minutes. Remove from the oven, let cool briefly on the sheet, and then transfer to a wire rack to cool completely.
4. Roughly chop the chocolate and melt it carefully - either in a bowl over a pot of simmering water or in the microwave, stirring until smooth. Let the chocolate cool slightly so it's not too runny, then fill the indentations of the cookies with a spoon or using a piping bag and let it set.
